

## Explore Performance Task

## Practice (2C) Description

Date: \_\_\_\_\_ Teacher: \_\_\_\_\_

**Assignment Total: 30 points**

1. Continue with the computing innovation you previously selected on your previous research assignment:
  - Facial Recognition
  - Self-Driving Cars
2. Find two **credible** sources that can be used to support your written response to the following requirements:
  - In 250 words or less, explain *one* beneficial effect **and** *one* harmful effect the computing innovation has had, or has the potential to have, on society, economy, or culture.
    - For each of these two effects, you must meet the following criteria:
      - ✓ The effect must be a result of the use of the innovation as intended. For example, it is not acceptable to say that a harmful effect of self-driving cars is that they can be hacked, since this is not an effect of the computing innovation being used *as intended*.
      - ✓ You must clearly state what the effect is.
      - ✓ You must clearly state whether the effect is beneficial or harmful.
      - ✓ You must explain how the effect impacts society, economy, or culture (pick only one).
3. Fill out one “Research Template” per source. The first two sections must be completely filled out, but the sections labeled “*Quote, Fact, or Statistic From Article*” can have as many/few entries as you deem necessary.
4. Fill out the document titled “Explore 2c” using the following guidelines:
  - Your response should be no more than 250 words (not including your in-line citations).
  - You must paraphrase information from at least two articles or websites featured in one of your “Research Templates.” Use numbered in-line citations.
  - At least one source must have been created after the end of the previous academic year (May 2018 - present).
  - Include an MLA-style Works Cited in section 2e for each source you paraphrased in section 2c. Each source must be numbered, must include a web-accessible URL, and a publication and/or access date.
5. Use the rubric on the next page to grade your own work. If you are unsatisfied with your grade, make corrections and resubmit.
6. Convert your “Research Templates” and “Explore 2c” to PDF files and upload them to the appropriate assignment in Schoology.

Criteria	Points	Comments
1. The written response is no more than <b>250 words</b> .	_____/3 points	
2. The written response explicitly names and clearly describes one <b>beneficial</b> effect of the innovation.	_____/5 points	
3. The written response explicitly names and clearly describes one <b>harmful</b> effect of the innovation.	_____/5 points	
4. Both effects are a result of the use of the innovation <b>as intended</b> .	_____/3 points	
5. For each effect, the response explains how the effect impacts <b>society, the economy, or culture</b> (only one).	_____/5 points	
6. The written response paraphrases at least two sources with properly-formatted <b>in-line citations</b> .	_____/3 points	
7. The written response was accompanied with fully-completed <b>"Research Templates"</b> for a credible, relevant, and easily accessible source.	_____/2 points	
8. Section 2e includes an <b>MLA 8 Works Cited</b> for each source cited. Each source is numbered, has a date, and includes a web-accessible URL.	_____/2 points	
9. <b>Overall quality</b> of project (quality of writing, grammar/spelling, etc.)	_____/2 points	
<b>Total Points Earned</b>	_____/30 points
